

OMNIVISION HUDDLE TABLE

Video Chat Conference Call Desk

OMNIVISION HUDDLE TABLE

Video Chat Conference Call Desk

SKU 772725

Description

Take control of your meetings and keep the high-energy collaborative efforts going with AFC Industries' Huddle table. The Huddle table features the independent, electronic height adjustment of the meeting work surface and the monitor platform. This feature allows you to conduct your meetings in either a sit or stand position for ergonomic participant comfort.

The trapezoid table's shape is designed to provide a clear line-of-sight to the monitor for everyone seated at the event. This streamlined design is Accessible Design compliant, meeting ADA Standards to accommodate users in wheelchairs and allows ample knee clearance. The easy access controls allow you to experience the full range of motion to find the best fit for your group's needs.

Worksurface Height Adjustment

Monitor Height Adjustment

Features and Benefits

- Electronically Height Adjustable table top from 24.5" to 50.5" from the floor.
- Integrated universal monitor mounting system is also height adjustable.
- Separate electronic controls for each function.
- Camera shelf for Video conferencing.
- Table top is 60" long and 48" deep across the monitor side, scaling down to a space saving 30" across the front, which can still seat an individual.
- Easy level glides for stability and mobility.
- Optional table top veneers are available; please talk to a design expert.
